

October 18, 2018

Hello NCS Family,

Any student wishing to participate in our upcoming science fair will need to submit [Forms 1, 1A, and 1B](#) by Monday, October 22, 2018 to Dr. Silver for screening. Please note that if Dr. Silver has not received the above forms by Monday, the student will not be allowed to compete. Here are some common questions and areas of improvement from last year to help you prepare your students.

1. **If my students are competing as a group, can they turn in one form together?** No, each student is required to fill out their own set of forms and must list the names of their group members if they are not working individually.
2. **Will my student be allowed to compete if they submitted their forms by the deadline, but forgot a parent and/or teacher signature?** No, we are required to have approval by both a teacher sponsor and a parent and/or guardian.
3. **Can we submit before Monday if our students are done?** Yes, you may submit to me prior to Monday. The earlier, the faster our review team can screen the forms and get them back to you.

Please contact Dr. Silver at [jsilver@neusecharterschool.org](mailto:jsilver@neusecharterschool.org) should you have questions or concerns. Thank you for working with our scholars to complete their projects. We can't wait to see all of the wonderful projects that our scholars have worked so hard to complete!

Dr. Janice L. Silver  
Dean of Academics
